

Learning a Clean Routine

An important part of potty training is learning potty hygiene. Your child will need a little help in getting the hang of these good hygiene habits.

Turn this card over for the basics.

Learning a Clean Routine

- ★ Stay consistent with your child's wash-up routine. Doing it the same way each time encourages learning.
- ★ Create a little song about the steps in your clean routine and sing it together as your child goes.
- ★ Make hand-washing fun with soaps geared toward toddlers. Try animal shapes, colorful or scented soaps.
- ★ Teach the proper wiping technique and make it easy for your toddler with PULL-UPS® JUST FOR KIDS Flushable Moist Wipes.
- ★ Build excitement around flushing by celebrating each "send off".
