

# Find the Potty

Your essential potty training game

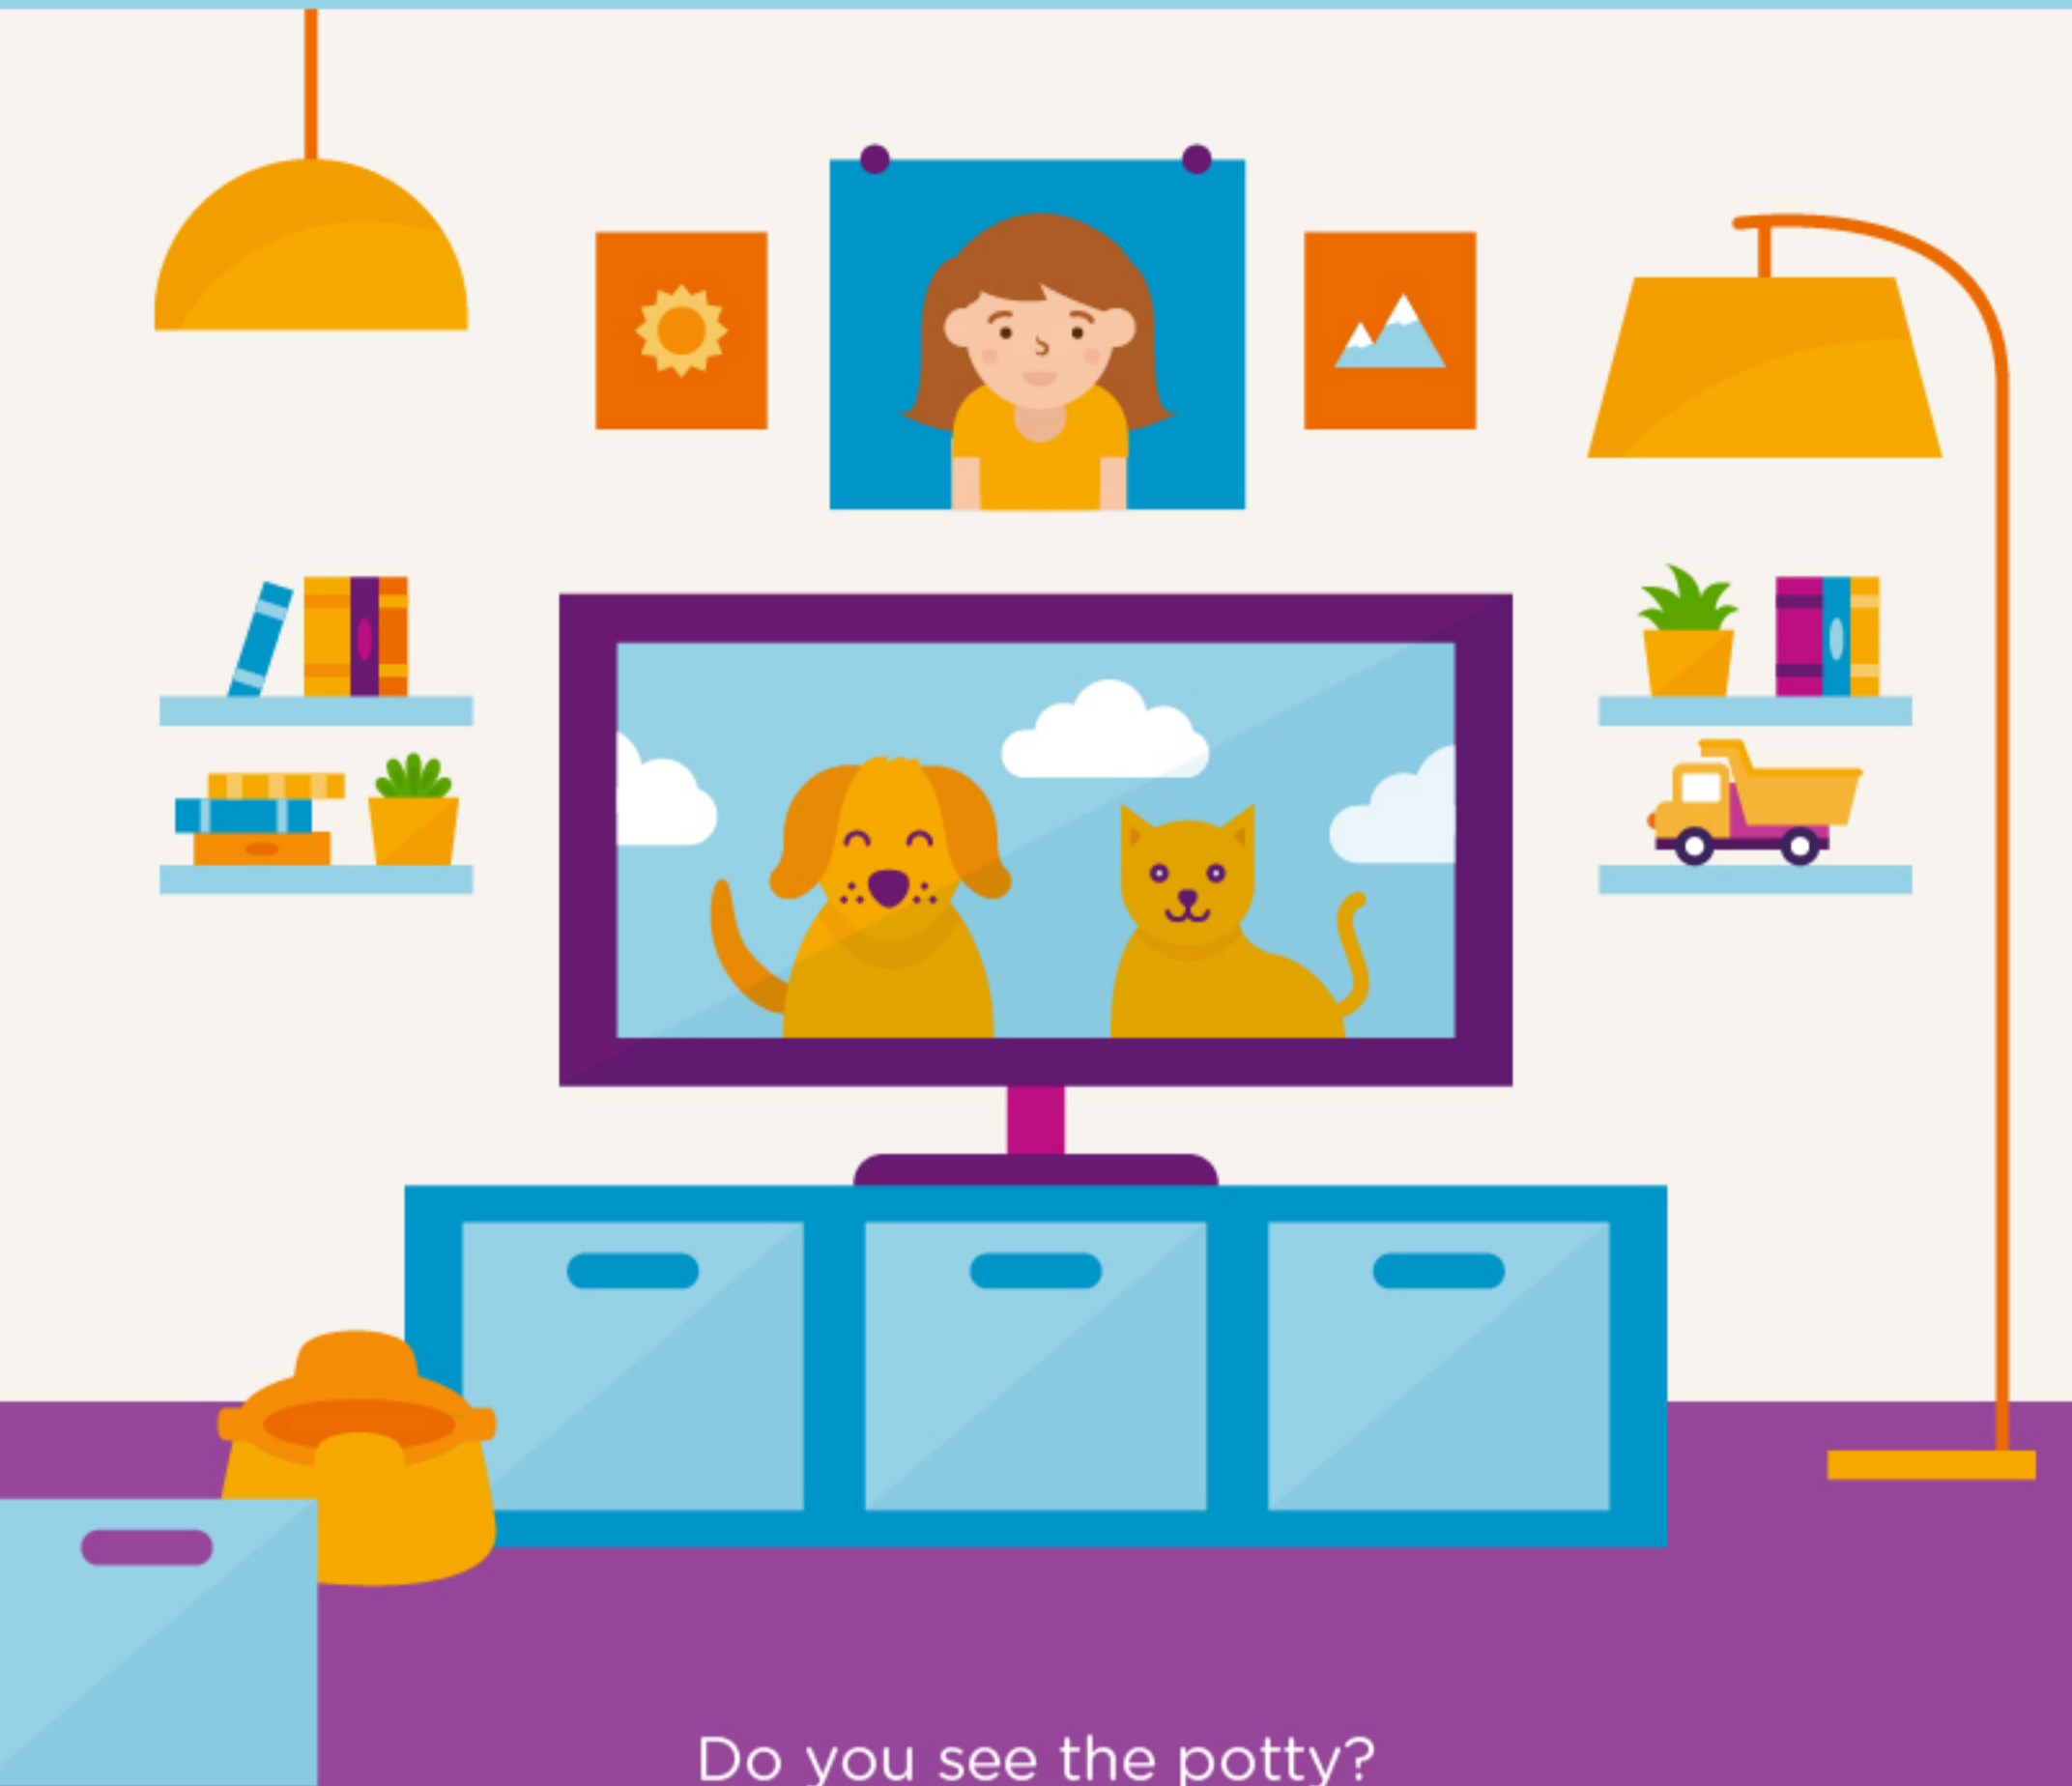

## **Potty training a busy toddler?**

Try this fun and easy game to help familiarize your child with her potty chair. Time her to see how quick she can find the potty chair in a different room, and encourage her to keep beating her last time.

Not again! The potty has been moved to a different room in the house. We'll have to track it down, and fast.

🕒 START THE TIMER.

Do you see the potty?

Aha! It's in front of the television. Were you watching cartoons without me again? Let's put the potty back.

**STOP THE TIMER. HOW LONG DID IT TAKE YOU?**

🕒 START THE TIMER.

Hmm, where could it be?  
Check by the refrigerator. There it is!  
We'll move the potty to the bathroom again.

**STOP THE TIMER. DID YOU BEAT YOUR LAST TIME?**

 START THE TIMER.

We should really clean up that desk. Look at all the mail!  
Oh, what is that behind the desk? It's the potty.  
We'd better return it to the bathroom.

**STOP THE TIMER. SEE AN IMPROVEMENT?**

 START THE TIMER.

Shhh, don't disturb the sleeping stuffed animals.  
But look there by the nightlight. Is that the potty? It is!  
Now you know where to put it...

**STOP THE TIMER. WAS THAT YOUR FASTEST TIME YET?**

...back in the bathroom.
